

Website development and maintenance

ALL PRICES IN CAD, BEFORE APPLICABLE TAXES

01 Website build

Most websites

Custom website development, built around your business and the scope of the project. Designed, built and launched.

\$175 to \$288

ONE TIME

02 Monthly maintenance

Self-Run

\$0 / mo

For clients who would rather run their own website.

- ✎ Connect your website to Claude Code and make minor changes yourself
- ✎ Update text, images and basic content independently
- ✎ Manage your own edits and updates

A separate paid Claude subscription may be required. Any Claude subscription or usage fees are the client's responsibility and are not included in the build price.

Basic Care

\$29 / mo

For a website that needs a steady hand, not constant work.

- ✎ Minor text and image updates
- ✎ Contact information changes
- ✎ Photos and videos you send us, added to the site
- ✎ Basic website checks

Standard Care

\$49 to \$69 / mo

For a business that keeps its website moving.

- ✎ Everything in Basic Care
- ✎ Small layout and styling adjustments
- ✎ New sections when you need them
- ✎ Basic technical checks

03 Additional work

Outside the monthly plan

Priced on the scope and complexity of the work. Quoted and agreed before anything starts. New features, integrations and significant redesigns may need a custom quote.

- ✎ Monthly plans cover small changes to the existing website. Larger work is quoted separately.
- ✎ Hosting, domain renewals and third party services are billed separately unless otherwise agreed.
- ✎ All additional work is approved by the client before starting.
- ✎ Plans are a fair use arrangement, not unlimited changes. We will always say so before a job falls outside them.
- ✎ Self-Run clients are responsible for their own website edits and maintenance.
